Ben 2 and Lite Force Helmets

When Durability Meets Protection

**Strength**
Proprietary shell material provides superior heat protection with 39% more resistance to impact penetration than conventional fiberglass material.

**Durability**
Precision-engineered with rugged components that stand up to the test of time.

**Comfort**
Easy-to-adjust padded headband and suspension components ensure a customized fit and low ride.

**Innovation**
Unique design and materials provide superior protection and functionality.

DuPont™ and Nomex® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.
Ben 2 LR Low Rider Models
Deliver a lower center of gravity, and our 6-position suspension provides a full inch and a half of adjustment for a quick and easy custom fit.

1. Durable Eagle Front Holder
   Moves forward and backward to fit any brand/style of front

2. High Heat Performance Shells
   Proprietary technology – standard.

3. FYR-Glass Shells
   Strongest shell on the market – proprietary technology.

4. Bulldog™ Edge Beading
   Rugged and durable.

5. Large Hang-up Loop
   Large enough to easily fit over a peg.

6. Securely Attached Ear Covers
   Tough and durable Nomex® ear covers are easily removed for cleaning.

7. Reversible 2-point Quick-attach Chinstraps
   Tough and durable Nomex® chinstraps are quickly and easily changed or switched to right- or left-hand cinch.

8. Comfortable and Easy to Replace Suspension
   Cradles your head in comfort.

9. Protected Suspension Straps
   Internally located and not affected by external heat or flame.

10. Goggle Garage
    Protects goggles from debris and radiant heat (optional).

11. Built-in Easy Attach Goggle System
    Offers easy attachment for full or 2-strap eyelet goggle.

12. CertifiedEZ-Flips™

13. Anti-catch Safety Bracket for Leather Fronts
    Exclusive on our traditional helmets
EZ-FLIPS™
Flip-down Face Protection
The 2013 edition of NFPA 1971 raised the requirements for helmet-mounted faceshields below the brim. Our team worked arduously to develop a new generation of EZ-Flips that would meet the rigorous new criteria. The new EZ-Flips were born...outperforming those tough requirements, making it the only helmet with flip-down face protection certified to NFPA 1971, current edition.

FYR-Glass
Strongest Shell on the Market
Available in:
- Ben 2 LR – Structural and Proximity
- Lite Force LR – Structural and Proximity
- Heavy Duty Technical Rescue & Recovery
FYR-Glass is a proprietary custom-blended material found only in Morning Pride helmets. Our testing shows that FYR-Glass helmets are 39% more resistant to impact penetration than conventional fiberglass helmets with or without impact caps. FYR-Glass allows design options not available with other materials, resulting in a helmet that is lighter and better fitting. FYR-Glass also exhibits the best in heat performance. When exposed to radiant heat of two watts per square centimeter (2 W/cm² is the NFPA-mandated test exposure), FYR-Glass outperforms other materials. FYR-Glass shows no blistering or finish damage.

The only helmet with flip-down face protection Certified to NFPA 1971, 2013 Edition

Low Riding, Great Fitting
Superior Suspension System
Morning Pride provides a one-piece headband and ratchet assembly that can be adjusted without disassembly. It accommodates the widest range of hat sizes of any NFPA helmet on the market— from under size 6 to over size 9. Our new 6-position suspension provides a full inch and a half of adjustment for a quick and easy custom fit. Our unique padded suspension system and wider interior provide superior comfort and fit. The FYR-Glass shell is inherently stronger, eliminating the need for impact caps. The Low Rider models deliver an even lower center of gravity, resulting in significantly less neck strain.
### How to Build Your Helmet

**Step 1: Specify base model:**
Base model includes FYR-Glass shell, 2-piece padded brow comfort cap and ratchet, 6-point suspension with 6 depth adjustments, aramid liner cap, postman slide chinstrap, 4’’ x .150’’ new generation faceshield, 8 lime Reflexite® trapezoids, golden-plated eagle front holder and hang-up loop.

**Step 2: Select required components:**
- Choose one ear cover
- Choose one chinstraps
- Choose one eagle front holder
- Choose eye/face protection
- Choose one retroreflective trim pattern/package

**Step 3: Select options:**
- Choose accessories
- Choose front
- Choose auxiliary helmet products

Strongest shell. Modern styling.

FYR-Glass: Strongest Shell on the Market
The 2013 edition of NFPA 1971 raised the FYR-Glass is a proprietary custom-blended material found only in Morning Pride helmets. Our testing shows that FYR-Glass helmets are 39% more resistant to impact penetration than conventional fiberglass helmets with or without impact caps. FYR-Glass allows design options not available with other materials, resulting in a helmet that is lighter and better fitting. FYR-Glass also exhibits the best in heat performance. When exposed to radiant heat of two watts per square centimeter (2 W/cm² is the NFPA-mandated test exposure), FYR-Glass outperforms other materials. FYR-Glass shows no blistering or finish damage.

Superior, Low-riding Suspension System
The 2013 edition of NFPA 1971 raised the Our unique padded suspension system and wider interior provide superior comfort and fit. The FYR-Glass shell is inherently stronger, eliminating the need for impact caps. Low Rider models deliver an even lower center of gravity, resulting in significantly less neck strain.

How to Build Your Helmet
Step 1: Specify base model:
Base model includes FYR-Glass shell, 2-piece padded brow comfort cap and ratchet, 6-point suspension with 6 depth adjustments, aramid liner cap, postman slide chinstrap, 4” x .150” new generation faceshield, 5 lime Reflexite® bars, and hang-up loop

Step 2: Select required components:
• Choose one chinstrap
• Choose one ear cover
• Choose eye/face protection
• Choose one retroreflective trim pattern/package

Step 3: Select options:
• Choose accessories
• Choose front
• Choose auxiliary helmet products
• Choose shell color: B – black, W – white, R – red, Y – yellow, O – orange, U – blue, G – green

- Standard Lite Force LR HT-LFL-BPR with yellow Nomex® moisture barrier FR cotton ear cover
- Standard Lite Force LR HT-LFL-HDO with yellow Nomex® FR cotton ear cover
- Models HT-LF2-BPR and HT-LF2 HDO also available
### EAR COVERS
- **Standard** HDO yellow Nomex® FR cotton.
- **Optional** black Pbi® FR cotton (FDNY spec optional material choice).
- Other outer shell colors available.
- **Standard** BPR yellow Nomex® moisture barrier FR cotton ear cover
- **Optional** Canadian-style ear cover

### EYE/FACE PROTECTION
- **Standard** 4” x 150” new generation faceshield
- **Optional** EZ-Flips™
  - Meets standards of both NFPA 1971 and ANSI Z87.1
- **Optional** 3 sets of parallelograms
  - Reflexite® lime or 3M™ Scotchlite™ lime or orange, 2-tone lime or orange
- **Optional** 10 – trapezoids
  - Foxfire™ illuminating trapezoids

### CHINSTRAPS
- **Standard** Nomex® postman slide and quick-release chinstrap
- **Optional** Nomex®4-point with quick-release chinstrap

### RETROREFLECTIVE TRIM
- **Standard** 5 – 1” x 4” bars
- **Optional** 10 – trapezoids
  - Reflexite® lime or 3M™ Scotchlite™ solid lime or orange, 2-tone lime or orange

### Optional Accessories and Fronts

13. EZ Clip, Reversible
    Chinstrap with Quick-
    release Buckle and
    Postman Slide
    For easy adjustment and
    proper fit.
Lightweight, Low Profile, Unprecedented Comfort.

Adjustable, Integrated EZ Touch Lens

Proprietary EZ Touch feature allows for one-touch deployment of your face and eye protection. No fuss. No hassle. The EZ Touch lens stows internally and is released at the touch of a finger. It truly is the only solution for quick one-handed deployment.

Featuring a safety lock and a nose guard, the EZ Touch lens is easily adjusted to fit your face perfectly, thanks to its spring-loaded innovative design. In the event of impact, the face shield will move freely, avoiding potential nose fractures caused by non-spring loaded face shields available on the market.

Low-profile design combined with lighter-weight materials provides superior comfort and optimal fit. You will be amazed by how comfortable and well-balanced the EV1 feels once customized for perfect fit.

EV1 Traditional Model

HT-TRA-EV1

- Leather headband and ratchet covers
- EZ Touch internal face and eye protection with safety lock
- Black Nomex® FR cotton ear covers
- EZ Clip replaceable and reversible chinstrap with quick-release and postman slide
- Composite fiberglass shell
- Golden alloy-plated eagle front holder
- Anti-catch safety bracket for leather fronts
- 8 Reflexite® lime trapezoids
- Large hang-up loop
- Bulldog edge beading

Available shell colors black, white, yellow, and red. Special order: orange, blue, and green.
